Mr. Smith noted that while existing law allows individuals who have retired with the California Public Employees' Retirement System (CalPERS) to continue providing services as a “retired annuitant,” there are limitations and requirements a CalPERS employer must adhere to. As such, Mr. Smith outlined RCRC Resolution 19-03, which

would approve an exception to the 180-day wait period for employing “retired annuitant” Ms. Pitto. Resolution 19-03 would allow Ms. Pitto to provide services commencing on January 16, 2019, and allow for the waiver of the six-month sit-out.

Mr. Smith presented Ms. Pitto with a photobook gift as a memento from RCRC staff.

Recommendation

It was recommended that RCRC offer Ms. Pitto an agreement to provide services of at least two months commencing on January 16, 2019, the day of the RCRC Board of Directors approving the findings and declarations to allow for the waiver of the six-month sit-out.

In this agreement, Ms. Pitto would dedicate up to 20 hours per week to monitoring and addressing key regulatory proposals regarding, but not limited to, solid waste, land-use planning, and the Community Development Block Grant Program review process. RCRC Board Members from Region 4 and Region 5 convened to caucus and selected a representative to serve on the 2019 RCRC EC. Following this time, the RCRC Board of Directors reconvened and Region 4 and Region 5 reported the following selections for the 2019 EC:

Region 5: Supervisor Kuyler Crocker, Tulare County

Ad Hoc Advisory Committee on Cannabis Regulation Enforcement

Chair, Supervisor Matt Kingsley, Inyo County, and Paul A. Smith provided a report of findings from the RCRC Ad Hoc Advisory Committee on Cannabis Enforcement (Committee). The Committee requested that the RCRC Board of Directors adopt and approve the following recommendations:

- 1) Communicate the following list of local best practices to member counties for their consideration:
 - “Carrot-and-stick” enforcement policies that differentiate between those operators who demonstrate willingness and ability to comply with local ordinances and state law, and those who do not.
 - Provide operators who do demonstrate willingness to comply with state and local laws/regulations and standards with modest penalties to encourage a pathway to licensure and compliance.
 - Impose substantial civil or administrative penalties upon operators who do not demonstrate willingness to comply, in amounts sufficient to remove the financial incentives for non-compliance.
 - Develop and maintain relationships with the local offices of those state agencies responsible for regulating cannabis operators (e.g., *California Department of Fish and Wildlife* and *Regional Water Quality Control Board*), to ensure consistent communications and facilitate compliance by willing operators.
 - Establish regional cooperation between neighboring counties and cities to promote consistent and effective compliance and avoid jurisdiction-shopping.
 - Build enforcement costs into the county’s commercial cannabis permit fees, and ensure that these amounts are sufficient for effective enforcement.

- 2) Instruct RCRC’s advocacy team to pursue the following state legislative priorities:
 - Support legislative proposals to increase state agency enforcement resources and capacity specifically dedicated to cannabis, similar to Governor Brown’s 2018 budget proposal.
 - Support proposals to provide grant funding to local agencies for cannabis enforcement, including funding from the General Fund and other sources

available to counties that do not permit commercial cannabis activities or outdoor cannabis cultivation.

- Support legislation to increase the legal tools available to counties to enforce cannabis ordinances, including administrative penalties, liens, and abatement remedies, and oppose any proposals to remove existing enforcement tools or render them less effective.

Committee Recommendation

The Committee requested that the RCRC Board of Directors adopt and approve the outlined recommendations for the RCRC Ad Hoc Advisory Committee on Cannabis Enforcement.

Supervisor Lee Adams, Sierra County, motioned to approve the Committee’s recommendation. Supervisor Dan Miller, Nevada County, seconded the motion. Motion passes with all Supervisors present voting “Aye.”

Mary-Ann Warmerdam, Senior Legislative Advocate, spoke about the Sustainable Groundwater Management Act and the reboot of last year’s Senate Bill 623 (Monning). Ms. Warmerdam shared it appears that water issues were not of top priority in the 2019-20 proposed Budget as the “twin tunnels” project was not mentioned. Ms. Warmerdam indicated this project may be discussed in the Governor’s May Revise.

Tracy Rhine, Legislative Advocate, spoke about the In-Home Supportive Services, housing and housing production, homelessness, redevelopment agencies, and land-use restrictions/fire.

Staci Heaton, Regulatory Affairs Advocate, spoke on Senate Bill 901 (Dodd) implementation and other forestry-related issues. Ms. Heaton noted that the 2019-20 proposed Budget included several allocations and creates new programs in response to the ongoing wildfire crisis. As it relates to property tax backfill, Ms. Heaton will be drafting a letter to the California Department of Finance to request additional property tax backfill for Mendocino, Napa, and Sonoma Counties due to the 2017 Northern California wildfires and the Mendocino Complex Fire.

Forest Management and Wildfire Update

Staci Heaton and Mary-Ann Warmerdam provided an update on the Forest Management Task Force and recent wildfire events. Ms. Heaton also reported on Governor Newsom's Wildfire Prevention and Emergency Response Plan, and the California Public Utilities Commission's Investor-Owned Utilities De-Energization Rulemaking.

Ms. Heaton shared that Wade Crowfoot was recently appointed to serve as Secretary of the California Natural Resources Agency. Ms. Heaton also shared that Thom Porter was recently appointed to serve as the Chief of the California Department of Forestry and Fire Protection.

The RCRC Board of Directors discussed recent wildfire events as they pertain to RCRC member counties. RCRC will continue to update the RCRC Board of Directors on the state's activities on forest health and wildfire prevention.

Guest Speaker

Rick Brush, Chief Member Services Officer, CSAC EIA, provided a brief overview of the Crisis Incident Management Program to the RCRC Board of Directors.

Following Mr. Brush's presentation, supervisors and Mr. Brush engaged in a question and answer period.

The Forest Management for Rural Stability Act

Paul A. Smith provided an analysis of the Forest Management for Rural Stability Act (Act), authored by Senator Ron Wyden (D-Oregon), Senator Larry Crapo (R-Idaho), Senator Jeff Merkley (D-Oregon), and Senator James Risch (R-Idaho), relating to the Secure Rural Schools & Community Self-Determination Act (SRS) program.

While SRS initially expired in 2006, it has been reauthorized multiple times but not without funding reductions. In March 2018, Congress enacted a 2018 federal spending bill which contained a reauthorization of SRS payments for Fiscal Years 2017 and 2018. Though, the unpredictable funding of SRS payments continues to be a problem for California's forested counties. The Act would create an endowment to permanently fund the SRS program. Mr. Smith noted that the Act would abolish Title II in the SRS program.

Over the past year, RCRC leadership and staff have met with key Congressional members and staff on the importance of the SRS program. The reauthorization and funding of the SRS program has, and will continue to be, a high priority for RCRC. As such, RCRC staff recommended adopting a “Support” position on the Act.

Staff Recommendation

RCRC staff recommended the RCRC Board of Directors adopt a “Support” position for the Forest Management for Rural Stability Act (or its successor) as a way to gain a permanent, stable revenue stream for California’s forested counties.

Supervisor Gerry Hemmingsen, Del Norte County, motioned to approve the Forest Management for Rural Stability Act. Supervisor David Griffith, Alpine County, seconded the motion. Motion passes with all Supervisors present voting “Aye.”

Federal Issues Update

Sheryl Cohen, Partner, American Continental Group (ACG), provided a brief update on a number of issues at the federal level, including the federal government shutdown. Ms. Cohen provided an overview on a number of issues both currently being addressed, and expected to be addressed at the federal level that are of importance to RCRC member counties, including: 2018 Farm Bill, forestry and wildfire funding, rural infrastructure, water, rural broadband, Federal Payment in Lieu of Taxes, Secure Rural Schools Program, and Fiscal Year 2019 Budget. Ms. Cohen also shared that RCRC staff and ACG are also working on Native American and cannabis banking related issues.

RCRC staff will continue to pursue a robust federal affairs program to address RCRC’s federal priorities. Furthermore, senior members of the RCRC Board of Directors will be traveling to Washington D.C. in February to spend several days on Capitol Hill to advocate on the federal priorities.

State Legislation

Paul A. Smith provided a brief overview, and shared that the California Legislature recently reconvened for the 2019 Legislative Session. As such, a number of bills have been introduced, and will continue to be introduced in the coming weeks. RCRC staff will review each bill to assess its impact on RCRC member counties.

Mr. Smith requested that supervisors anticipate that during the March RCRC Board of Directors Meeting a number of legislative items will require further review after the bill introduction deadline in late-February.

Waters of the United States

Staci Heaton provided an overview of the regulatory actions as it relates to the Waters of the United States (WOTUS). Ms. Heaton stated that the Trump Administration has begun redrafting the WOTUS rule, while the State Water Resources Control Board (SWRCB) has released a final draft of its Procedures for Discharges of Dredged or Fill Materials to

Waters of the State (Procedures) regulations that incorporate some of the restrictions of the 2015 federal rule altering the definition of what constitutes a “water of the United States.”

Ms. Heaton encouraged supervisors to review the U.S. Environmental Protection Agency and U.S. Army Corps of Engineers’ pre-publication version of the redrafted WOTUS. Ms. Heaton noted that the federal government shutdown has impacted the rulemaking on the redrafted WOTUS rule, and so it is not yet available for public comments.

Ms. Heaton also shared that the SWRCB’s Procedures has not been without issues. RCRC has been opposed to the implementation of the Procedures, and continues to work with a broad coalition of stakeholders to address the problems with the final draft. RCRC staff will continue to update the RCRC Board of Directors on the progress of both regulatory proposals.

Other Regulatory Committee Issues

Mary-Ann Warmerdam shared that Felicia Marcus, Chair of SWRCB’s term has expired, and it is unclear if Governor Newsom will reappoint Ms. Marcus to another term.

Staci Heaton spoke briefly about the implementation of the Senate Bill 1383 (Lara) short-lived climate pollutant reduction requirements.

Water Issues Update

Mary-Ann Warmerdam provided a brief update on issues involving California water policy at the state and federal levels, including the Bay-Delta Water Quality Plan, Sustainable Groundwater Management Act, Siskiyou County Groundwater Litigation, and California WaterFix.

As it relates to the Bay-Delta Water Quality Plan, Ms. Warmerdam noted that SWRCB recently adopted amendments is not self-implementing and still would require SWRCB adoption.

Ms. Warmerdam shared that Governor Gavin Newsom has named the new California Environmental Protection Agency’s Secretary as Jared Blumenfeld.

Ms. Warmerdam conveyed that it has been relatively quiet in the water arena, and requested supervisors to stay tune for future developments. RCRC staff will continue to engage on these issues as necessary to ensure the policy concerns of RCRC member counties are addressed.

Adjournment

Chair, Supervisor Matt Kingsley, Inyo County, adjourned the RCRC Board of Directors Meeting at 2:03 p.m.
