4B-2-3 Franchise Required

- A. **NON-EXCLUSIVE FRANCHISE**. The City is empowered and authorized to issue non-exclusive franchises governing the installation, construction, and maintenance of systems in the City's rights-of-way, in accordance with the provisions of this ordinance. The franchise is granted through a franchise agreement entered into between the City and provider.

- B. **EVERY PROVIDER MUST OBTAIN**. Except to the extent preempted by federal or state law, as ultimately interpreted by a court of competent jurisdiction, including any appeals, every provider must obtain a franchise prior to constructing a telecommunications system or providing telecommunications services using the rights-of-way, and every provider must obtain a franchise before constructing an open video system or providing open video services via an open video system. Any open video system or service shall be subject to the customer service and consumer protection provisions applicable to the cable TV companies to the extent the City is not preempted or permitted as ultimately interpreted by a court of competent jurisdiction, including any appeals. The fact that particular telecommunications systems may be used for multiple purposes does not obviate the need to obtain a franchise for other purposes. By way of illustration and not limitation, a cable operator of a cable system must obtain a cable franchise, and, should it intend to provide telecommunications services over the same system, must also obtain a telecommunications franchise.

- C. **NATURE OF GRANT**. A franchise shall not convey title, equitable or legal, in the rights-of-way. A franchise is only the right to occupy rights-of-way on a non-exclusive basis for the limited

purposes and for the limited period stated in the franchise; the right may not be subdivided, assigned, or subleased. A franchise does not excuse a provider from obtaining appropriate access or pole attachment agreements before collocating its system on the property of others, including the City's property. The franchise agreement may impose additional limitations upon the provider, such as location of utilities. This section shall not be construed to prohibit a provider from leasing conduit to another provider, so long as the lessee has obtained a franchise from the City.

- D. **CURRENT PROVIDERS.** Except to the extent exempted by federal or state law, any provider acting without a franchise on the effective date of this ordinance shall request issuance of a franchise from the City within ninety (90) days of the effective date of this ordinance. If such request is made, the provider may continue providing service during the course of negotiations. If a timely request is not made, or if negotiations cease and a franchise is not granted, the provider shall comply with the provisions of Section 4B-2-9 of this Code.

- E. **NATURE OF FRANCHISE.** The franchise granted by the City under the provisions of this ordinance shall be a nonexclusive franchise providing the right and consent to install, repair, maintain, remove, and replace its system on, over, and under the rights-of-way in order to provide services, unless otherwise specified by the franchise agreement.

- F. **REGULATORY APPROVAL NEEDED.** Before offering or providing any services pursuant to the franchise, a provider shall obtain any and all regulatory approvals, permits, authorizations, or licenses for the offering or provision of such services from the appropriate federal, state and local authorities, if required, and shall submit to the City upon the written request of the City evidence of all such approvals, permits, authorizations, or licenses.

- G. **TERM.** No franchise issued pursuant to this ordinance shall have a term of less than five (5) years or greater than fifteen (15) years. Each franchise shall be granted in a nondiscriminatory manner.

Adopted by Ord. 2017-51 on 10/5/2017

4B-2-4 Compensation And Other Payments

- A. **TELECOMMUNICATIONS TAX.** As provided for in Chapter 4B-4 of this Title.

- B. **APPLICATION FEE.** In order to offset the cost to the City to review an application for a franchise and in addition to all other fees, permits, or charges, a provider shall pay to the City at the time of application, five hundred dollars (\$500) as a non-refundable application fee.

- C. **EXCAVATION PERMITS.** The provider shall also pay fees required for an excavation permit as provided in the City's Fee Resolution or applicable Code.

- D. **FUTURE COSTS.** A provider shall pay to the City or to third parties, at the direction of the City, an amount equal to the reasonable costs and reasonable expenses that the City incurs for the

services of third parties, including but not limited to attorneys and other consultants, in connection with any renewal or provider-initiated renegotiation, or amendment of this ordinance or a franchise, provided, however, that the parties shall agree upon a reasonable financial cap at the offset of negotiations. In the event the parties are unable to agree, either party may submit the issue to binding arbitration in accordance with the rules and procedures of the American Arbitration Association.

- E. **CONTINUING OBLIGATION AND HOLDOVER.** In the event a provider continues to operate all or any part of the system after the term of the franchise, such operator shall continue to comply with all applicable provisions of this ordinance and the franchise, including, without limitation, all compensation and other payment provisions throughout the period of such continued operation, provided that any such continued operation shall in no way be construed as a renewal or other extension of the franchise, nor as a limitation on the remedies, if any, available to the City as a result of such continued operation after the term, including, but not limited to, damages and restitution.
- F. **COSTS OF PUBLICATION.** A provider shall assume any publication costs associated with its franchise that may be required by law.

Adopted by Ord. 2017-51 on 10/5/2017

4B-2-5 Franchise Applications

- A. **FRANCHISE APPLICATION.** To obtain a franchise to construct, own, maintain, or provide services through any system within the City, to obtain a renewal of a franchise granted pursuant to this ordinance, or to obtain the City approval of a transfer of a franchise, as provided in Section 4B-2-7 of this Code, granted pursuant to this ordinance, an application must be filed with the City. The application form may be changed by the City Manager so long as such changes request information that is consistent with this ordinance.
- B. **APPLICATION CRITERIA.** In making a determination as to an application filed pursuant to this ordinance, the City may, but shall not be limited to, request the following from the provider:
1. A copy of the order from the PSC granting a Certificate of Convenience and Necessity.
 2. Certification of the provider's financial ability to compensate the City for provider's intrusion, maintenance, and use of the rights-of-way during the franchise term proposed by the provider;
 3. Provider's agreement to comply with the requirements of Section 4B-2-6 of this ordinance.
- C. **FRANCHISE DETERMINATION.** The City, in its discretion, shall determine the award of any franchise on the basis of these and other considerations relevant to the use of the rights-of-way, without competitive bidding.

Adopted by Ord. 2017-51 on 10/5/2017

4B-2-6 Construction And Technical Requirements

- A. **GENERAL REQUIREMENT.** No provider shall receive a franchise unless it agrees to comply with each of the terms set forth in this **S**ection governing construction and technical requirements for its system, in addition to any other reasonable requirements or procedures specified by the City or the franchise, including requirements regarding locating and sharing in the cost of locating portions of the system with other systems or with City utilities. A provider shall obtain an excavation permit before commencing any work in the rights-of-way.
- B. **QUALITY.** All work involved in the construction, maintenance, repair, upgrade, and removal of the system shall be performed in a safe, thorough, and reliable manner using materials of good and durable quality, and in accordance with the City's design standards, construction specifications, and latest edition standard drawings. If, at any time, it is determined by the FCC or any other agency granted authority by federal law or the FCC to make such determination, that any part of the system, including, without limitation, any means used to distribute signals over or within the system, is harmful to the public health, safety, or welfare, or quality of service or reliability, then a provider shall, at its own cost and expense, promptly correct all such conditions.
- C. **LICENSES AND PERMITS.** A provider shall have the sole responsibility for diligently obtaining, at its own cost and expense, all permits, licenses, or other forms of approval or authorization necessary to construct, maintain, upgrade, or repair the system, including but not limited to any necessary approvals from persons and/or the City to use private property, easements, poles, and conduits. A provider shall obtain any required permit, license, approval, or authorization, including but not limited to excavation permits, pole attachment agreements, etc., prior to the commencement of the activity for which the permit, license, approval, or authorization is required.
- D. **RELOCATION OF THE SYSTEM.**
1. **NEW GRADES OR LINES.** If the grades or lines of any rights-of-way are changed at any time in a manner affecting the system, then a provider shall comply with the requirements of the excavation ordinance or other applicable City regulation.
 2. **THE CITY AUTHORITY TO MOVE SYSTEM IN CASE OF AN EMERGENCY.** The City may, at any time, in case of fire, disaster, or other emergency, as determined by the City in its reasonable discretion, cut or move any parts of the system and appurtenances on, over, or under the rights-of-way of the City, in which event the City shall not be liable therefore to a provider.

The City shall notify a provider in writing prior to, if practicable, but in any event as soon as possible and in no case later than the next business day following any action taken under this **S**ection. Notice shall be given as provided in Section 4B-2-11 of this Code.

3. **A PROVIDER REQUIRED TO TEMPORARILY MOVE SYSTEM FOR THIRD PARTY.** A provider shall, upon prior reasonable written notice by the City or any person holding a permit to move any structure, and within the time that is reasonable under the circumstances, temporarily move any part of its system to permit the moving of said structure. A provider may impose a reasonable charge on any person other than the City for any such movement of its systems.

4. **RIGHTS-OF-WAY CHANGE - OBLIGATION TO MOVE SYSTEM.** When the City is changing a rights-of-way and makes a written request, a provider is required to move or remove its system from the rights-of-way, without cost to the City, to the extent provided in the excavation ordinance. This obligation does not apply to systems originally located on private property pursuant to a private easement, which property was later incorporated into the rights-of-way, if that private easement grants a superior vested right.

This obligation exists whether or not the provider has obtained an excavation permit.

5. **PROTECT STRUCTURES.** In connection with the construction, maintenance, repair, upgrade, or removal of the system, a provider shall, at its own cost and expense, protect any and all existing structures belonging to the City and any historically significant structure or building, as designated by the Historic District Commission. A provider shall obtain the prior written consent of the City to alter any water main, power facility, sewerage or drainage system, or any other municipal structure on, over, or under the rights-of-way of the City required because of the presence of the system. Any such alteration shall be made by the City or its designee on a reimbursable basis. A provider agrees that it shall be liable for the costs incurred by the City to replace or repair and restore to its prior condition in a manner as may be reasonably specified by the City, any municipal structure or any other rights-of-way of the City involved in the construction, maintenance, repair, upgrade, or removal of the system that may become disturbed or damaged as a result of any work thereon by or on behalf of a provider pursuant to the franchise.
6. **NO OBSTRUCTION.** In connection with the construction, maintenance, upgrade, repair, or removal of the system, a provider shall not unreasonably obstruct the rights-of-way of fixed guide way systems, railways, passenger travel, or other traffic to, from, or within the City without the prior consent of the appropriate authorities.
7. **SAFETY PRECAUTIONS.** A provider shall, at its own cost and expense, undertake all necessary and appropriate efforts to prevent accidents at its work sites, including the placing and maintenance of proper guards, fences, barricades, security personnel, and suitable and sufficient lighting, and such other requirements prescribed by OSHA and Utah OSHA. A provider shall comply with all applicable federal, state and local requirements including but not limited to the National Electric Safety Code.
8. **REPAIR.** After written reasonable notice to the provider, unless, in the sole determination of the City, an imminent danger exists, any rights-of-way within the City which are disturbed or damaged during the construction, maintenance or reconstruction by a provider of its system may be repaired by the City at the provider's expense, to a condition as good as that prevailing before such work was commenced. Upon doing so, the City shall submit to such a provider an itemized statement of the cost for repairing and restoring the rights-of-ways intruded upon.

The provider shall, within thirty (30) days after receipt of the statement, pay to the City the entire amount thereof.

9. **SYSTEM MAINTENANCE.** A provider shall:
 - a. Install and maintain all parts of its system in a non-dangerous condition throughout the entire period of its franchise;
 - b. Install and maintain its system in accordance with standard prudent engineering practices and shall conform, when applicable, with the National Electrical Safety Code and all applicable other federal, state, and local laws or regulations;
 - c. At all reasonable times, permit examination by any duly authorized representative of the City of the system and its effect on the rights-of-way.
10. **TRIMMING OF TREES.** A provider shall have the authority to trim trees, in accordance with all applicable utility restrictions, ordinance and easement restrictions, upon and hanging over rights-of-way so as to prevent the branches of such trees from coming in contact with its system. See Title 14, Trees/Landscaping.

4B-2-7 Franchise And License Non-Transferable

A. NOTIFICATION OF SALE.

1. **NOTIFICATION AND ELECTION.** When a provider is the subject of a sale, transfer, lease, assignment, sublease or disposed of, in whole or in part, either by forced or involuntary sale, or by ordinary sale, consolidation or otherwise, such that it or its successor entity is obligated to inform or seek the approval of the PSC, the provider or its successor entity shall promptly notify the City of the nature of the transaction. The application shall comply with Section 4B-2-5 of this ordinance.
3. **IF PSC APPROVAL NO LONGER REQUIRED.** If the PSC no longer exists, or if its regulations or state law no longer require approval of transactions described in Section 4B-2-7(A) of this Code, and the City has good cause to believe that the successor entity may not comply with this ordinance or the franchise agreement, it may require an application. The application shall comply with Section 4B-2-5 of this ordinance.

A provider shall also indemnify the City as set forth in the franchise.
- B. **OVERSIGHT.** The City shall have the right to oversee, regulate, and inspect periodically the construction, maintenance, and upgrade of the system, and any part thereof, in accordance with the provisions of the franchise and applicable law. A provider shall establish and maintain managerial and operational records, standards, procedures, and controls to enable a provider to prove, in reasonable detail, to the satisfaction of the City at all times throughout the term, that a provider is in compliance with the franchise. A provider shall retain such records for not less than the applicable statute of limitations.

As used herein, "as-built" maps include file construction prints. Maps shall be drawn to scale. "As-built" maps, including the compatible electronic format, as provided above, shall be submitted within thirty (30) days of completion of work or within thirty (30) days after completion of modification and repairs.

As- built maps are not required of the provider who is the incumbent local exchange carrier for the existing system to the extent they do not exist.

2. Throughout the term of the franchise, a provider shall maintain complete and accurate books of account and records of the business, ownership, and operations of a provider with respect to the system in a manner that allows the City at all times to determine whether a provider is in compliance with the franchise. Should the City reasonably determine that the records are not being maintained in such a manner, a provider shall alter the manner in which the books and/or records are maintained so that a provider comes into compliance with this Section. All financial books and records which are maintained in accordance with the regulations of the FCC and any governmental entity that regulates utilities in the State of Utah, and generally accepted accounting principles shall be deemed to be acceptable under this Section.
- D. **CONFIDENTIALITY.** If the information required to be submitted is proprietary in nature or must be kept confidential by federal, state, or local law, upon proper request by a provider, such information shall be classified as a Protected record within the meaning of the Utah Government Records Access and Management Act ('GRAMA'), making it available only to those who must have access to perform their duties on behalf of the City, provided that a provider notifies the City of, and clearly labels the information which a provider deems to be confidential, proprietary information. The provider agrees to reimburse the City the reasonable costs of an audit if the audit discloses that the provider has paid ninety five percent (95%) or less of the compensation due the City for the period of such audit. In the event the accounting rendered to the City by the provider herein is found to be incorrect, then payment shall be made on the corrected amount within thirty (30) calendar days of written notice, it being agreed that the City may accept any amount offered by the provider, but the acceptance thereof by the City shall not be deemed a settlement of such item if the amount is in dispute or is later found to be incorrect.
