It shall be unlawful for any person at any time to have, own, or possess any dog in the city, whether the same is licensed or not, unless the dog shall be kept so enclosed or tethered or on a leash.
§ 91.002 ANIMALS IN VEHICLES.

(A) No person shall transport or carry, on any public highway or public roadway, any dog in a motor vehicle unless the animal is safely enclosed within the vehicle or protected by a cab or container, cage or other device that will prevent the dog from falling from, being thrown from, or jumping from, the motor vehicle.

(B) No person shall leave a dog or any other animal in any unattended vehicle without adequate ventilation or in such a manner as to subject the animal to extreme temperatures which adversely affect the animal's health or welfare.

§ 91.015 PURPOSE.

The Council does hereby find and determine that the growth and development of the city for residential purposes have reached such a state that the keeping of animals, poultry or racing-homing pigeons within the city, unless properly regulated as to location and sanitary conditions, and as to certain animals, unless definitely limited in number or entirely prohibited, is detrimental to the public health, safety, and general welfare, and that the public interest requires that the Council prescribe rules and regulations with respect thereto as set forth in this subchapter.

§ 91.016 DEFINITIONS.

For the purpose of this subchapter, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

ANIMALS. Includes horses, ponies, mules, jacks, jennies, cows, bulls, calves, heifers, sheep, goats, swine, rabbits, and all other domestic or domesticated animals other than household pets.

DWELLING. The main or principal dwelling located on the property of a person other than the keeper of the animals or poultry.

HOUSEHOLD PETS. Includes cats, dogs, canaries, birds of the parrot or psittacinae family, and other kindred animals and birds usually and ordinarily kept as household pets.

POULTRY. Pigeons, chickens, ducks, geese, turkeys, and all other domesticated fowl other than household pets and racing-homing pigeons.
RACING HOMING PIGEONS. Those pigeons, identified by seamless leg bands, which are kept and maintained for the specific purpose of racing or message carrying. Pigeons kept or raised for market or other commercial purposes shall not be deemed racing homing pigeons for the purposes of this subchapter.

—It is hereby declared to be a nuisance and it shall be unlawful for any person to allow or permit animals or poultry, other than household pets, to run at large upon any public street or place or to trespass upon the property of another. This provision shall not be construed as permitting the running at large of any household pets restricted by the provisions of any other law of the city or by any law applicable thereto. This section does not prohibit the controlled release and exercise of racing-homing pigeons.

(63 Code, § 5-1.504) (Ord. 2823, passed 12-15-59; Am. Ord. 337-C.S., passed 4-7-81) Penalty, see § 91.999

—(4) Racing homing pigeons may be kept in a loft and liberated for exercise or racing not less than 25 feet from any door or window of a habitable room of a dwelling. A permit may be issued by the Finance Department authorizing the keeping and liberating for exercise and racing of such racing homing pigeons. The fees for said permit shall be payable on an annual basis on January 1 of each year and shall become delinquent, if not paid on or before January 1 of each calendar year, within 30 days at which time a penalty of 50% shall be added to the fee which became delinquent on January 31. Any person who shall neglect or refuse to bury or cause to be buried any dead animal upon his premises or in any public place of which he is the owner or possessor, or pay the city the cost incurred in burying such dead animal, shall be guilty of a misdemeanor. In no instance shall manure be so placed in such boxes or receptacles in such a manner as to prevent the tight closing of the lid; provided, however, nothing contained in this section shall apply to manure which is spread as fertilizer over or around cultivated plants, vines, vegetables, lawns, bushes, shrubs, or trees or to manure kept by any nursery for commercial fertilizer purposes unless such manure creates a nuisance, either from fly-breeding or excessive, obnoxious odors. (63 Code, § 5-1.514)

(B) Abandonment. Any cessation of operations of existing dairies, coupled with a change in the use of the premises for other purposes, shall be construed to be an abandonment of the premises for such original purpose.

—In the event any person believes that unreasonable restrictions or unnecessary and extraordinary hardship or damage will be imposed upon him from the carrying out of the strict letter of any of the provisions of this subchapter, he may request a hearing therein before the Council, and if, after a public hearing thereon held upon notice to the claimant, the Council finds that unreasonable restrictions or unnecessary and extraordinary hardship or damage will be imposed upon him, any of the provisions or regulations hereby made may be modified in harmony with the general purposes and objectives hereof to the end that the public health, safety, and welfare of the people may be secured and substantial justice done.

VICIOUS, POTENTIALLY DANGEROUS, AND PUBLIC NUISANCE DOGS

§ 91.100  FINDINGS AND DECLARATIONS.

—The City Council finds and declares all of the following:

—(A) Potentially dangerous and vicious dogs have become a serious threat to the safety and welfare of the citizens of the city and nuisance dogs present a threat to the peace and quiet of incorporated areas.

—(B) The number and severity of unprovoked attacks by potentially dangerous and vicious dogs have increased and have resulted in serious injuries to individuals, including injury and death to other domestic pets.

—(C) The failure of owners of such potentially dangerous and vicious dogs to properly confine and control their animals is the primary cause of the increased incidence of attacks upon persons and other animals and the disturbance of the peace and quiet of incorporated areas.

—(D) The necessity for the regulation and control of vicious, potentially dangerous and public nuisance dogs is a city-wide problem, requiring city regulation, and existing city ordinances are
inadequate to deal with this threat to the public health and safety posed by vicious, potentially
dangerous and public nuisance dogs.
