Harper, KS 67058

Waste Connections of Kansas, Inc. – Plumb Thicket Landfill is pleased to submit a bid for the
disposal of grit and screenings from the Public Works & Utilities Department, Sewage Treatment
Division of the City of Wichita (Proposal No. – FP203033).

A. Qualifications and Experience
For the past 13 years Plumb Thicket Landfill has provided transportation and disposal
services for the Special Waste (grit) from the Sewage Treatment Plant No. 2 located at 2305 E.
57th St. South. Plumb Thicket Landfill is located approximately 40 miles southwest of Wichita at
440 NE 150th Road Harper, Kansas 67058. The landfill consists of 958 acres with 229 acres
permitted by the Kansas Department of Health and Environment for disposal activities –
Municipal Solid Waste Sub-D Landfill permit number 842. The project life of the landfill is over
51 years. At Plumb Thicket Landfill we strive to provide services excellence for those businesses
that place their trust in our company. We look to technology and growth to help our customers,
employees and shareholders “Connect with the Future”. As a public company we have the
resources to meet every customer’s needs in a cost effective and environmentally sustainable
manner. We understand the markets, the philosophy and the unique needs of the customers we
serve whether they are industry, commercial accounts, municipal jurisdictions or individuals.

Statement of Operating Values

Safety. We strive to assure complete safety of our employees, our customers and the public in all of our operations.
Protection from accident or injury is paramount in all we do.

Integrity. We define integrity as “saying what you will do and then doing it.” We keep our promises to our
customers, our employees and our stockholders. Do the right thing, at the right time, for the right reason.

Customer Service. We provide our customers the best possible service in a courteous, effective manner, showing
respect for those we are fortunate to serve.

To be a Great Place To Work. We maintain a growth culture where our employees can maximize their potential
personally and professionally. Our objective is to provide an environment where people enjoy what they do and take
pride in their work. We wish to embody a work hard, play harder culture.

To be the Premier Solid Waste Services Company in Wichita, Kansas. We continue to provide superior returns,
remain environmentally responsible, and continue to grow in a disciplined way, deploying resources intelligently
and benefiting communities we live in.
