***Pride & Quality
AWARD***

to

Ruthie Buckler

*Research Specialist
Technology Services*

Ruthie is being recognized for spearheading the development of a COVID vaccine preregistration portal in ZenDesk. She collaborated with Community Resources, Economic Development, the Health Department, and a TS contractor to collect and share information. Within one month of opening the portal, nearly 27,000 citizens registered. Her efforts had a community-wide impact, ensuring that thousands of seniors were vaccinated early and locally and moving us another step closer to reopening our Senior Centers and improving the quality of life for Calvert Seniors.

EVERYONE IS INVITED!

The Pride & Quality Award

recognizes employees for superior job performance that results in:

- greater efficiencies (time or cost saving measures to the county)
 - extraordinary public service; and/or
- positive impact on public perception of government.
