**This is my first application to serve on a board or commission.**

Education and/or training relevant to the position you are applying for:

**Worked 38 years in the Information Technology industry providing computer room management. Worked large scale project to relocate computer equipment to new facilities. Managed the transfer of all midrange computing resources when Ford Motor company created the Visteon Corporation to include all component subdivisions. This included dealing with interstate digital traffic to meet all security requirements.**

Explain briefly why you would like to be appointed to this board or commission:

**My family moved to Lyon County in 2004. I have watched the boom/bust cycle and what it did to the county around 2010. As the county looks to grow into the next decade and beyond, I have the experience and vision to help balance growth without losing the rural feel of the county. I have been attending the Dayton Regional Advisory Board meetings, since moving to Dayton in 2005. Starting last year I have attended several Board of Commissioners meetings. I feel I have a good sense for balancing growth to help attract new businesses. In my career, I was involved in managing Information Technology infrastructure that was required to support the growth and changing dynamics in the aerospace and medical fields. This required support for the daily operations and the flexibility to change with the future. I retired in 2019 and I want to use my time and skill to help the county support the growth needed for today, while always keeping an eye to the changing fortunes of the future.**

***By signing this application you agree to attend training classes as scheduled.***
